

Addressed to all suppliers who collected
the tender dossier

Provision of Additional Information on the Technical Specifications No. 1
(pursuant to the provisions of Section 50 (1) (c) of Act No. 137/2006 Coll., on public
procurement – the Public Procurement Act)

Name of the public contract: Optical measuring equipment

Contract registration number: 350277

Contracting Authority: University of West Bohemia in Pilsen
Univerzitní 8, 306 14 Pilsen, Czech Republic
Registration no.: 49777513

Contracting Authority's representative: Law Offices of Volopich, Tomšíček & Partners
Vlastina 23, 323 18 Pilsen

Pursuant to the provisions of Section 49 (4) of the Public Procurement Act, the representative is hereby providing additional information to all suppliers who collected the tender dossier for the public contract:

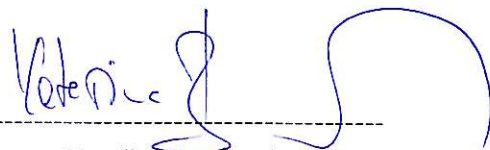

On 8 July 2013 the Contracting Authority received a request from an applicant to extend the deadline for submitting bids. The applicant believes that the Contracting Authority did not set a sufficiently long period of time for foreign applicants to process a bid for the specific subject matter of the contract, and such action could be viewed as a violation of the principle of equal treatment.

The Contracting Authority set the deadline for submitting bids at the period stipulated in the Public Procurement Act for this type of tender, i.e. 52 days, and therefore does not share the applicant's opinion regarding a violation of the principle of equal treatment.

Nevertheless, given the potential for prolonged deadlines for issuing the relevant qualification documents due to holiday leave, and especially due to the preservation of a competitive environment (not extending the deadline may lead to an applicant not submitting a bid), the Contracting Authority is acceding to **extend the deadline for submitting bids to 5 August 2013, by 10:00 a.m. The envelopes containing the bids will be opened on 5 August 2013 at 11:00 a.m.**

The site for submitting bids and the venue where the envelopes will be opened remain unchanged.
