213	Qualcomm Snapdragon 425 (4x 1.4GHz Cortex-A53)	25573	100	25673

The calculation rules for the SoC Rankings are as follows:

* 1. The score for an SoC on the leaderboard is derived from the combined total of its CPU and GPU scores alone; scores from other test categories are not included in this computation.

* 2 The score displayed for each SoC represents the average performance across all devices powered by that SoC, rather than showcasing the highest achievable performance of that particular SoC. This approach ensures a comprehensive reflection of real-world performance users might experience.
