

WRITTEN REPORT BY CONTRACTING AUTHORITY

pursuant to s. 85 of the Act No. 137/2012 Sb., Public Contracts Act, as amended (hereinafter referred to as "the PCA")

I. Identification data of the Contracting Authority, type of contract award procedure selected

Name of Contracting Authority	University of West Bohemia in Pilsen
Registered office of Contracting Authority Registration number	Univerzitní 8, Plzeň, 30614, Czech Republic 497 77 513
Name and surname of Contracting Authority's representative	doc. PaedDr. Ilona Mauritzová, Ph.D., the Rector
Name of the public contract	Equipment for Development of Incremental Forming
Contract registration number	367135
Type of Contracting Procedure	Open above-the-threshold contract award procedure

II. Subject-matter of the public contract, contractual price

On 23 Dec. 2013, the Contracting Authority sent a contract notice regarding the public contract entitled "Equipment for Development of Incremental Forming" for publication in the Tenders Electronic Daily – CZ, whereby the Contracting Authority started the contract award procedure. The contract was published under registration number 367135. The contract is an above-the-threshold public supply contract, as defined in s. 8 of the PCA. The subject-matter of the contract is the supply of equipment for development of incremental forming. The equipment for development of incremental forming shall be capable of flexible rolling of rotation-symmetric products with a variable cross-section. It shall allow the manufacture of cylindrical, conical and other pre-defined rotation-symmetric products with a straight longitudinal axis. The Contracting Authority requires a rolling process with three adjustable rolls offering variable controlled process conditions (temperature, rolling speed and others).

The contractual price is **CZK 19,300,000, exclusive of VAT** (in words: nineteen million three hundred thousand Czech koruna).

III. Identification data of all tenderers and their tender prices

Within the time limit for receipt of tenders in the said contract award procedure, a total of two (2) tenders were submitted by the following tenderers:

Tender sequential number	Identification data of tenderer
1.	EAI Elektro - und Automatisierungstechnik GmbH Ilsenburg HRB 103734 Industriepark Ost Bakenröder Str. 11 38871 Ilsenburg Germany
2.	GMT – Gesellschaft für metallurgische Technologie – und Softwareentwicklung mbH HRB 63715 Heinersdorfer Str. 12 D - 13086 Berlin Germany

IV. Identification data of the tenderer selected:

The tenderer selected is the company: **GMT – Gesellschaft für metallurgische Technologie – und Softwareentwicklung mbH**, HRB 63715, whose registered office is at **Heinersdorfer Str. 12, D - 13086 Berlin, Germany**.

V. Substantiation of selection of the winning tender:

In accordance with ss. 76 and 77 of the PCA, the Contracting Authority assessed the tenderers' tenders and found that the tenders by the below-named tenderers **have met (i) the statutory requirements, the tender conditions and the Contracting Authority's requirements as stipulated in s. 76 (1) of the PCA (ii) none of these tenders were inadmissible tenders, pursuant to s. 22 (1) (d) of the PCA, and (iii) none of these tenders were abnormally low tenders, as stipulated in s. 77 of the PCA.**

Tender sequential number	Identification data of tenderer
1.	EAI Elektro - und Automatisierungstechnik GmbH Ilsenburg HRB 103734 Industriepark Ost Bakenröder Str. 11 38871 Ilsenburg Germany
2.	GMT – Gesellschaft für metallurgische Technologie – und Softwareentwicklung mbH HRB 63715 Heinersdorfer Str. 12 D - 13086 Berlin Germany

As none of the tenderers was excluded from the contract award procedure, the evaluation committee assessed and evaluated all tenders submitted by the tenderers. The evaluation committee evaluated all the tenders with respect to the fundamental evaluation criterion for the award for the public contract, as set out in the tender dossier, i.e. the lowest tender price pursuant to s. 78 (1) (b) of the PCA, and determined their ranking by the tender price (exclusive of VAT) in accordance with s. 79 (4) of the PCA.

Tender prices offered by tenderers:

Tender sequential number	Identification data of tenderer	Tender price exclusive of VAT
1	EAI Elektro - und Automatisierungstechnik GmbH Ilsenburg HRB 103734 Industriepark Ost Bakenröder Str. 11 38871 Ilsenburg Germany	CZK 19,350,000

2	GMT – Gesellschaft für metallurgische Technologie – und Softwareentwicklung mbH HRB 63715 Heinersdorfer Str. 12 D - 13086 Berlin Germany	CZK 19,300,000
---	---	----------------

Final ranking of tenders:

The tender submitted by the tenderer No. 2 was evaluated by the evaluation committee according to the evaluation criteria and was found to be the tender with the lowest tender price. The tenders were ranked by the evaluation committee in ascending order of tender prices and were assigned numbers. The final ranking of the tenders evaluated is as follows:

Final ranking	Tender sequential number	Identification data of tenderer
1st place	2	GMT – Gesellschaft für metallurgische Technologie – und Softwareentwicklung mbH HRB 63715 Heinersdorfer Str. 12 D - 13086 Berlin Germany
2nd place	1	EAI Elektro - und Automatisierungstechnik GmbH Ilsenburg HRB 103734 Industriepark Ost Bakenröder Str. 11 38871 Ilsenburg Germany

With regard to the final ranking of the tenders, the evaluation committee recommended the Contracting Authority to select as the winning tender the tender submitted by the company GMT – Gesellschaft für metallurgische Technologie – und Softwareentwicklung mbH, HRB 63715, the tenderer with its registered office at Heinersdorfer Str. 12, 13086 Berlin, Germany.

The Contracting Authority accepted the recommendation by the evaluation committee given in the Report on Assessment and Evaluation of Tenders from 22 July 2014 and, pursuant to s. 81 (1) (b) of the PCA,

selected as the most advantageous tender the tender submitted by the company GMT – Gesellschaft für metallurgische Technologie – und Softwareentwicklung mbH, HRB 63715, with its registered office at Heinersdorfer Str. 12, D - 13086 Berlin, which meets all conditions and requirements set out by the Contracting Authority and which was found to be the tender with the lowest tender price according to the evaluation criterion.

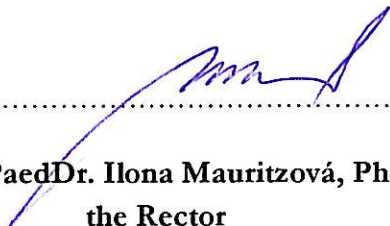

On 13 Aug. 2014, the Contracting Authority therefore selected as the most advantageous tender the tender submitted under the tender sequential number 2, as recommended by the evaluation committee.

VII. Definition of the part of the public contract which is intended to be completed through a subcontractor:

The tenderer, whose tender was selected by the Contracting Authority as the most advantageous tender, stated in its tender, pursuant to s. 44 (6) of the PCA, in response to the Contracting Authority's requirement in article 5.5 of the tender dossier that it would not complete any part of the public contract through subcontractor(s).

In Plzeň, date: 25 -09- 2014
