The above-specified Contracting Authority hereby provides supplementary information to tender conditions for the above-mentioned public contract:

Inquiry No. 1:

Unfortunately, I haven't found in the object of sale or product's technical specifications any point about seller's license agreement for software products (please find such a Softing agreement attached). It is an important part of our toolkits. Could you please arrange changes in the public delivery? We need a point that license agreement for software products are applied.

Response to Inquiry No. 1:

The Contracting Authority modified the Contract for Software in Chapter VIII. Licensing Provisions in paragraph 1:

1. The Seller shall provide the Purchaser with the right to use the delivered software, i.e. with the Software license in accordance with the License Agreement specified by the Seller and enclosed to this Contract as Annex no. 2 forming an integral part of this Contract. The Purchaser undertakes to countersign this License Agreement with the Seller by the Purchaser's signature. Should there be any discrepancies between the License Agreement and this Contract, the Contract provisions shall take precedence and the License Agreement (Annex no. 2 to the Contract) shall be considered legally ineffective in the relevant scope.

With respect to the above, **the Contracting Authority has decided to extend the deadline for bids' submission in this tender procedure** as follows:

The deadline for bid submission is 7. November 2014 at 1 p.m.

Opening of bid envelopes shall take place on 7. November 2014 at 1:15 p.m.

Other tender conditions remain unchanged.
